### FOR IMMEDIATE RELEASE:

#### ***Three Tales* by Kyle Donahoe to hit San Antonio bookstores soon**

*San Antonio, Texas – March 18, 2018:* Kyle Donahoe author prepares to release his first collection of short stories titled *Three Tales*.

Donahoe has been writing a variety of stories and honing his craft through them all, creating a brand full of emotion, thought, and cohesiveness. With his first collection of stories, he seeks to make a name for himself.

“It’s take a lot of work, if I’m honest,” Donahoe reports. “I feel like I can get my foot in the door, so to speak, with this collection first!”

He has had a passion for his work since his youth, and hopes that all his hard work will pay off. Others among him have similar sentiments.

When prompted about his content and what it is about, Kyle answered that one of the main themes of his collection is that it’s “grounded in reality.” That is, no maniacal eldritch abominations or violent gun-toting soldiers, just simple plots that can happen in real life, or at least have some basis in it. “Nothing wrong with going for something more vanilla,” he says. For example, “Last Stop” involves a gay man thinking about his troubles at a dusty gas station, while “Pride” includes a pair of lions arguing over their cub akin to a human couple having a heated argument, and “Art Heist” details a police man discovering a former officer committing crime.

Kyle currently resides in a rental home in San Antonio, and when he’s not writing and brainstorming, he enjoys playing video games such as *Starcraft II*, *World of Warcraft*, *Kingdom Hearts*, and *Mass Effect*. He is typically available most hours of the day, though responsibilities in real life can drag him away.
